RE: Application # 09/888,554

INVENTION TITLE

RE: USPTO patent application number: "09/888/554", Title: "Retail Customer and Product Purchase Divider With Interactive Retail Transaction Functions"

I am petitioning the USPTO to withdraw the action for abandonment for this patent application (number 09/888,554) so I may finish the patent process.

I contacted the PTO petition office on July 18, 2008 and was told that my reinstatement application was not found. The check has been cashed and I am including a copy of delivery conformation. I have contacted many departments and spoke with several people for a long period of time now and it seems my records and letters of abandonment never existed or were not mailed to me. Now my recent communications and recent application for reinstatement is now missing. I am enclosing a copy of the delivery confirmation on the reinstatement application and two other letters sent that are also missing from my PTO files at the PTO office.

It is important that the PTO office produces copies of letters sent to me, my communication with the PTO and my reinstatement application. For a very long time I have had no response from the PTO.

Please withdraw the holding of abandonment pending application for of this patent application. Also please send me all the necessary information, documents (including copies of the office action letters) and contacts in the USPTO necessary to continue and finish the patent application. If you have any questions please contact me as soon as possible.

Sincerely,

Steven M Senn

WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

RE: Application # 09/888,554

INVENTION TITLE

RE: USPTO patent application number: "09/888/554", Title: "Retail Customer and Product Purchase Divider With Interactive Retail Transaction Functions"

I am petitioning the USPTO to withdraw the action for abandonment for this patent application (number 09/888,554) so I may finish the patent process. I never received an "Office Action Letter" or an "Abandonment For Failure To Respond" letter from the USPTO. I have been told the abandonment letter was dated May 5, 2004. I have written and called many times and no one has been able to find these letters. I recently noticed that the patent application has been published on the PTO site. This may be mainly because I physically re-located and lost communications. I have enclosed the re-instatement fee.

When I recently contacted the USPTO by phone the office actions could not be located by several departments. It appears that the final "Office Action Application Abandonment For Failure to Respond" letter was not generated and sent to me. I have searched and others at the PTO have searched. The notice letters and my correspondence with the PTO do not exist in the PAIRS data system. A withdrawal of the abandonment for failure to respond will allow me to complete the application of this patent. I am requesting the withdrawal because I could not respond to the office action notices having never received them.

It has come to my attention that the USPTO never received a response from me to an "Office Action Letter" within 6 months that was mailed to me regarding the above patent application. I was contacted and submitted a claims revision dated September 18, 2001. I recently called and spoke with a PTO assistant that stated an "Office Action" letter was sent on October 3, 2003 to 5208 - 122pl SE, Everett, WA 98036. On May 5, 2004 another letter was sent to 5208 - 122pl SE, Everett, WA 98036 for "Abandonment For Failure To Respond Office Action". I never received these notices.

I was working with Michael Cuff, who was the examiner for this patent application. It was not my intention to delay the patent application. I was not at that address (5208 - 122pl SE, Everett, WA 98036) after May of 2003 and I unintentionally did not submit a "Change of Correspondence Address" form. I unintentionally did not respond to the office actions because I did not receive them at my address. The delay from then to now was unintentional and can be explained. If more clarification is needed please let me know your requirements.

Please withdraw the holding of abandonment pending application for of this patent application. Also please send me all the necessary information, documents (including copies of the office action letters) and contacts in the USPTO necessary to continue and finish the patent application. If you have any questions please contact me as soon as possible.

Sincerely,  Steven M Senn

RE: USPTO patent application number: "09/888/554", Title: "Retail Customer and Product Purchase Divider With Interactive Retail Transaction Functions"

It has come to my attention that the USPTO never received a response from me to an "Office Action Letter" within 6 months that was mailed to me regarding the above patent application. I was contacted and submitted a claims revision dated September 18, 2001. I recently called and spoke with a PTO assistant that stated an "Office Action" letter was sent on October 3, 2003 to 5208 - 122pl SE, Everett, WA 98036. On May 5, 2004 another letter was sent to 5208 - 122pl SE, Everett, WA 98036 for "Abandonment For Failure To Respond Office Action".

I was working with Michael Cuff, who was the examiner up to 2002. It was not my intention to delay the patent application. I was not at that address (5208 - 122pl SE, Everett, WA 98036) after May of 2003 and I unintentionally did not submit a "Change of Correspondence Address" form. I suffered a verifiable disability on September 20, 2005 to the present day. I was disabled and had unintentionally neglected to submit communications, amendments, fees and forms to the USPTO regarding this patent application. I unintentionally did not respond to the office actions because I did not receive them at my address. The patent application details were published on the USPTO site in 2002.

When I recently contacted the USPTO by phone the office actions could not be located by several departments. It may be that the final "Office Action Application Abandonment For Failure to Respond" letter was not generated and sent to me.

My intention is to submit a petition to revive my abandoned application on the grounds that failure to reply was unintentional under (37 CFR 1.137 (b)). **I do need the office action letters dated October 3, 2003 and the "letter of Abandonment" dated May 5, 2004.** I need a copy of these documents to conclude that they were generated and sent to my prior address or that they were generated and sent at all. I also need them for my files and patent application reinstatement. I am now aware it has been longer than 12 months (as a general standard) since the abandonment letter was sent but there are mitigating circumstances to substantiate the unintentional delay.

Please hold open the pending application for reinstatement of this patent application. Also please send me all the necessary information, documents (including the office action letters) and contacts in the USPTO necessary to apply for the patent application reinstatement. If you have any questions please contact me.

Sincerely,
